## DECISION OF POLICE AND CRIME COMMISSIONER

Date: 12<sup>th</sup> May 2022

Received in OPCC Date:

OPCC Ref: EXE0013-22

Title: CONT0128 Vehicle Body Repair Framework

### Summary of Issue:

The current vehicle body repair framework expires 31<sup>st</sup> July 2022, we advertised a new framework (three year plus two optional extensions of one year) and received four responses. One tender was disqualified and we are recommending to award a place on the framework to the remaining three tenderers.

### Background

The current vehicle body repair framework expires 31<sup>st</sup> July 2022.

The framework provides a vehicle damage repair service on a non-exclusive basis for all vehicles leased to Leicestershire Police, the property of, or in the custody or control of the Force. Vehicle damage repairs shall include all inspection, adjustment, restoration and replacement of assemblies and components used to construct a complete vehicle. It also includes parts.

### Tender Process

It was agreed to publish an open tender advertised on Contracts Finder and Find a Tender Service (*OJEU replacement*) for a framework with at most four companies. The notice reference number is Procurement reference 20220321103206-30501.

We received tenders from four providers in total.

The tenders were evaluated and assessed as acceptable, except for one tenderer, who didn't meet the mandatory vetting and location criteria. Further evaluation wasn't required as we hadn't exceeded our maximum framework companies.

From Leicestershire Police, a Transport Unit Workshop Controller and a Transport Unit Workshop Co-ordinator visited the tenderers' sites and assessed them as acceptable, based on the requirements, tender criteria and their responses, especially around the mandatory security criteria.

### Recommendation(s) presented:

We are looking to award Fix Auto Leicester, M&E Accident Repair Centre Ltd and Paynes Garages Ltd a place onto the Vehicle Body Repair framework for an overall maximum value of £1,500,000 for the life of the contract.
